- "From Data Privacy to Discrimination: Examining the Legal Ramifications of AI in Schools." *Public Interest Privacy Center*. <https://publicinterestprivacy.org/ai-laws/>

12. AI and Privacy Risks

- "Generative AI and Confidential Meetings: What School Leaders Need to Know about Privacy Risks." *Atkinson, Andelson, Loya, Ruud & Romo*. <https://www.aalrr.com/EdLawConnectBlog/generative-ai-and-confidential-meetings-what-school-leaders-need-to-know-about-privacy-risks>

Equity Challenge

13. AI Divide in Schools

- "An AI divide is growing in schools. This camp wants to level the playing field." *NPR*, August 19, 2025. <https://www.npr.org/2025/08/19/nx-s1-5503984/ai-summer-camp-schools-education>

14. AI Training Gap

- "New RAND research reveals a growing AI Training Gap." *AI for Education*, June 11, 2025. <https://www.aiforeducation.io/blog/rand-research-reveals-growing-ai-training-gap>

15. Professional Development Equity

- "Equitable access to AI in classrooms is a problem--the solution is professional learning." *eSchool News*, November 13, 2024. <https://www.eschoolnews.com/digital-learning/2024/11/13/equitable-access-ai-professional-development/>

16. Digital Divide

- "How States and Districts Can Close the Digital Divide To Increase College and Career Readiness." *Center for American Progress*, September 19, 2024.

<https://www.americanprogress.org/article/how-states-and-districts-can-close-the-digital-divide-to-increase-college-and-career-readiness/>

17. AI and Next Digital Divide

- "AI and the next digital divide in education." *Brookings*, February 2, 2024.
<https://www.brookings.edu/articles/ai-and-the-next-digital-divide-in-education/>

18. OECD Report on Equity

- "The Potential Impact of Artificial Intelligence on Equity and Inclusion." *OECD*, August 2024.
https://www.oecd.org/content/dam/oecd/en/publications/reports/2024/08/the-potential-impact-of-artificial-intelligence-on-equity-and-inclusion-in-education_0d7e9e00/15df715b-en.pdf

19. AI Tutoring for Equity

- "AI-enhanced tutoring: Bridging the achievement gap in American education." *eSchool News*, December 9, 2024.
<https://www.eschoolnews.com/digital-learning/2024/12/09/ai-tutoring-bridging-equity-achievement-gap/>

20. RAND Survey on Uneven Adoption

- "Uneven Adoption of Artificial Intelligence Tools Among U.S. Teachers and Principals in the 2023–2024 School Year." *RAND Corporation*, February 11, 2025. https://www.rand.org/pubs/research_reports/RRA134-25.html

Safety & Security Challenge (Deepfakes)

21. Baltimore Principal Deepfake - Quartz

- "A racist AI deepfake framed a high school principal." *Quartz*, April 30, 2024.
<https://qz.com/baltimore-man-accused-framing-principal-racist-ai-voice-1851444321>

22. Baltimore Principal Deepfake - ITV

- "Baltimore high school teacher accused of making racist AI deepfake of principal." *ITV News*, April 30, 2024.
<https://www.itv.com/news/2024-04-30/baltimore-teacher-accused-of-making-racist-ai-deepfake-of-principal>

23. Baltimore Principal Deepfake - Gizmodo

- "Baltimore Man Accused of Framing High School Principal With Racist AI Voice Clone." *Gizmodo*, April 26, 2024.
<https://gizmodo.com/baltimore-man-accused-framing-principal-racist-ai-voice-1851438213>

24. Deepfake Harm

- "Deepfake of MD principal's voice is the latest case of AI being used for harm." *The Daily Record*, April 29, 2024.
<https://thedailyrecord.com/2024/04/29/deepfake-of-md-principals-voice-is-the-latest-case-of-ai-being-used-for-harm/>

25. Fortune Coverage

- "An athletic director used AI to fake a high school principal's racist tirade, and police say state laws need to catch up." *Fortune*, April 26, 2024.
<https://fortune.com/2024/04/25/athletic-director-ai-deepfake-high-school-principal-s-racist-tirade/>

26. AI Experts Analysis

- "AI experts: Racist audio of Baltimore County principal's voice is fake." *The Baltimore Banner*, April 25, 2024.
<https://www.thebanner.com/education/k-12-schools/eric-eiswert-ai-deepfake-YUNO6ITYM5FWZPQAE24RIBV5CQ/>

27. Washington Post Coverage

- "Baltimore principal's racist rant was an AI fake. His colleague was arrested." *The Washington Post*, April 26, 2024.
<https://www.washingtonpost.com/dc-md-va/2024/04/26/baltimore-ai-voice-audio-faking-principal/>

28. Deepfakes and Educators

- "Deepfakes Expose Public School Employees to New Threats." *Education Week*, October 24, 2024.
<https://www.edweek.org/technology/deepfakes-expose-public-school-employees-to-new-threats/2024/05>

Professional Development Challenge

29. Teacher Training Statistics

- "More Teachers Than Ever Before Are Trained on AI. Are They Ready to Use It?" *Education Week*, April 14, 2025.
<https://www.edweek.org/technology/more-teachers-than-ever-before-are-trained-on-ai-are-they-ready-to-use-it/2025/04>

30. RAND Report on Training

- "More Districts Are Training Teachers on Artificial Intelligence: Findings from the American School District Panel." *RAND Corporation*, April 8, 2025.
https://www.rand.org/pubs/research_reports/RRA956-31.html

31. Training Trends

- "More districts eye AI training for teachers." *eSchool News*, April 30, 2025.
<https://www.eschoolnews.com/digital-learning/2025/04/30/more-districts-eye-ai-training-for-teachers/>

32. AI in Education Landscape

- "AI in Education: The Current Landscape in 2025." *Mastery Coding*.

Complete List of Questions for Superintendents

AI OPPORTUNITIES - Questions for Superintendents

Enhanced Learning & Differentiation:

1. What AI tools are our teachers already using to differentiate instruction, and which ones should we officially approve and support?
 2. What is your strategy for evaluating AI tutoring systems, and what outcomes would indicate success?
 3. What professional development do teachers need to effectively integrate AI while maintaining instructional quality?
-

Administrative Efficiency:

4. Which routine administrative tasks could AI assist with, and how much staff time could be reallocated to direct student support?
 5. What is your plan to provide approved, secure AI tools to staff district-wide?
 6. Can you quantify the time savings and present a cost-benefit analysis for AI administrative tools?
-

Accessibility & Assistive Technology:

7. How can we expand AI-powered assistive technology (text-to-speech, speech-to-text, translation) for students with IEPs and ELL students?
 8. What AI tools could help us identify at-risk students earlier and intervene more effectively?
 9. Are we leveraging all available AI accessibility features in our existing software and devices?
-

Future-Ready Skills:

10. What is your plan to integrate AI literacy into our curriculum, similar to how we teach internet safety and digital citizenship?

11. How will you ensure students learn to use AI ethically and effectively rather than prohibiting it entirely?
 12. What framework will guide AI literacy instruction across grade levels, and when can we expect a curriculum overview?
-

Resource Optimization:

13. Can AI tools help us identify and write grants to increase our funding, and what has been the success rate so far?
 14. Have you evaluated AI applications for bus routing, scheduling, facilities management, or other operational efficiencies?
 15. How can we use AI data analysis to improve resource allocation decisions and demonstrate ROI to our community?
-

Safety & Security:

16. What AI-powered threat detection and monitoring systems could enhance campus security without infringing on student privacy?
 17. How can AI help us identify students in crisis (mental health, bullying, self-harm indicators) before situations escalate?
 18. What is your emergency response plan for AI-related threats like deepfakes impersonating staff or students, and how will we communicate with families if incidents occur?
-

AI CHALLENGES - Questions for Superintendents

Academic Integrity:

19. What updates are needed to our academic honesty policies to address AI use by students, and when will you bring these revised policies to the board for approval?
20. How will our district distinguish between acceptable AI assistance and academic dishonesty, and what due process protections are in place for students accused of AI misuse?
21. What is your strategy for addressing suspected AI plagiarism, including the role (if any) of detection tools, and what are the accuracy and equity concerns we should be aware of?
22. How will we educate students about ethical AI use and proper citation of AI assistance across grade levels?

23. What data will you provide to the board on AI-related academic integrity violations to ensure our policies are being applied equitably across all student populations?
-

Data Privacy:

24. How are we ensuring that all AI tools used by staff and students comply with FERPA, COPPA, and other student data privacy laws?
25. What is our vetting process for AI vendors, and what contractual protections do we require regarding student data storage, usage, and deletion?
26. What is our data breach response plan specific to AI tools, and how quickly would we notify affected families if student data were compromised?
27. What security standards and safeguards are in place to protect student data when using AI tools, and how do we verify vendors meet these standards?
28. What types of student data are currently being entered into AI systems by staff, and do we have clear policies prohibiting the input of personally identifiable information?
29. Has our legal counsel reviewed our AI vendor agreements, and does our insurance cover data breaches related to AI tools?
-

Equity:

30. What disparities exist in AI tool access between schools in our district, and what is your plan to ensure all students have equitable access regardless of school or socioeconomic status?
31. What funding is needed to provide equitable AI access and training across all schools, including under-resourced buildings?
32. What data shows the distribution of AI training opportunities across our schools, and are teachers in high-poverty schools receiving the same quality and quantity of training as those in low-poverty schools?
33. How are we addressing the digital divide for students who lack home internet access or devices, and what solutions are you exploring to ensure equitable AI learning opportunities outside of school?
34. How will we monitor whether AI tools are producing biased or discriminatory outcomes for students of color, students with disabilities, or English language learners?
35. How does our AI implementation strategy align with our district's equity commitments, and what metrics will demonstrate whether we're narrowing or widening achievement gaps?
-

Safety & Security (Deepfakes):

36. What is our emergency response plan if a deepfake audio or video is created to impersonate a district employee or student, and how will we communicate with families and media if this occurs?
 37. How are our student code of conduct and bullying/harassment policies being updated to explicitly address AI-generated impersonations and deepfakes?
 38. What is your strategy for detecting and responding to AI-generated deepfakes targeting our staff or students, and what role (if any) will technology tools play in this response?
 39. What training will administrators, principals, and communications staff receive on identifying deepfakes and managing the reputational harm they can cause?
 40. What legal protections exist for employees who are victims of AI impersonation, and has our legal counsel advised us on potential district liability?
 41. How will we educate students about the ethical and legal consequences of creating deepfakes, and at what grade levels will this instruction begin?
 42. What is our relationship with local law enforcement regarding AI-related crimes, and how quickly can they respond to deepfake incidents on our campuses?

Professional Development:

43. What is the total cost to provide comprehensive AI training to all staff, and what funding sources are available to support this professional development?
44. What percentage of our teachers have received AI training, and what is your timeline for ensuring all educators have foundational AI literacy?
45. What professional development delivery methods are most effective for AI training, and how will you ensure teachers can apply what they learn in their classrooms?
46. How will we evaluate the effectiveness of AI professional development, and what evidence will demonstrate that training is improving instruction?
47. Are substitute teacher costs or stipends needed to ensure all teachers can participate in AI training without sacrificing instructional time or personal time?
48. Is AI professional development a one-time training need, or will ongoing learning be required as the technology evolves, and what are the long-term budget implications?
49. What AI training have principals and instructional coaches received, and how are we ensuring building leaders can support teachers in implementing AI tools effectively?
50. What partnerships or external expertise are you considering to deliver high-quality AI professional development, and what criteria will you use to select training providers?
